SUMMARY

Passionate web developer with expertise in React.js, Javascript, HTML, and CSS. Experienced in building responsive web and mobile applications with a focus on state management, API integration, and user-centered design. Demonstrated leadership and collaboration skills through roles as a team leader in projects like Quit Smoking and Book-e-log. Committed to continuous learning and delivering scalable, maintainable, and impactful digital solutions.

WORK EXPERIENCE

Jaranda, Seoul

Private English Tutor

May 2021 - June 2024

- Communicated regularly with parents regarding instruction, assessment, and progress.
- Fostered a positive and encouraging classroom atmosphere to build students' confidence.
- Incorporated interactive activities to make lessons enjoyable and effective.

Subway

Sandwich Artist

June 2022 - March 2023

- Greeted customers professionally and maintained a welcoming environment.
- Prepared a range of sandwiches and salads according to customer preferences.
- Effectively prioritized and managed multiple tasks to meet customer needs.

PROJECTS

Portfolio Website

Web Developer

January 2025

- Leveraged CSS Flexbox and Grid for layout design and implemented hover effects for an interactive user experience.
- Used jQuery to ensure functionality was optimized for desktop view only.
- Created the website design in Figma, focusing on a clean and user-friendly interface.

Quit Smoking - Alpha Project

Web Developer, Team Leader

October 2024 - December 2024

- Developed and styled dynamic, responsive web application using React, CSS, and Vite.
- Leveraged Git Fork and Git Issues to facilitate collaborative development.
- Improved mission card component design and register process for better user experience.

Book-e-log - Line 4 Hackathon

Web Developer, Team Leader

October 2024 - November 2024

- Implemented React.js library for fully interactive and customizable view.
- Applied Sass to ensure clean and maintainable CSS with nested rules and variables.
- Supported team members struggling with CSS and React.

Bingle - Kookmin LikeLion Hackathon

Web Developer, Team Leader

August 2024 - September 2024

- Implemented an easy login process using the Social Media Login API (Kakao).
- Managed asynchronous actions with Axios and React hooks to handle API requests and real-time updates, improving responsiveness and user experience.

Seoul, Gangdong-gu 05292

Dear Hiring Manager,

I am excited to apply for the Web Developer Intern position at **CMYK+WHITE**. With a passion for creating engaging and user-focused web applications, I bring a combination of technical expertise, time management skills, and an eye for design.

In my role as a web developer for **Bingle**, I implemented reusable components using React managed asynchronous workflows with Axios, enabling a smooth user experience. For **Book-e-log**, I developed an interactive React-Calendar feature while providing support to my team on advanced CSS techniques, ensuring consistency across all components. As the leader of the **Quit Smoking** project, I prioritized deadlines effectively, improving mission card designs and optimizing the user registration process. Additionally, I designed and built my **Portfolio** website using Figma, showcasing clean layouts and dynamic functionality with HTML5, CSS (Flexbox and Grid), and jQuery.

I am a hard-working college student (with a GPA of 4.12 in Information Technology and International Business). Throughout my academic career, I have balanced coursework and project responsibilities, demonstrating strong time management skills. My leadership roles in hackathons and team projects have further improved my ability to collaborate effectively and deliver results under tight deadlines.

Your company's commitment to innovative projects resonates with my passion for creating user-focused applications that seamlessly integrate design and functionality. I am confident that my technical skills, problem-solving mindset, and time management skills will allow me to contribute meaningfully to your team.

Thank you for considering my application. I am excited about the opportunity to discuss how my background and expertise align with your needs. Please contact me at (+82) 10-9603-0188 or via email at alex2321218@gmail.com for further inquiry.

Sincerely,
Sohyun Ahn
